7th October 2024

Dear Parents / Carers

Re: 2024-25 Class Trips/Workshops – FLPS Funding

Whilst discussing funding within school for this academic year, FLPS have, not only very kindly offered to continue their funding of class trips/workshops but increase the amount available to school.

This will be of enormous help keeping the cost of trips/workshops as low as possible.

As the cost of each trip/workshop varies greatly, a set amount per class will be allocated. This will ensure all classes receive the same funding.

This will be administered in school, and you will be notified of any cost's payable to you within the individual trip/workshop letters that are sent home.

We would like to thank FLPS for their ongoing support, and hope this will help families over the course of this academic year.

With Best Wishes

Mrs Jo Tinker
School Business Manager
