New to Forest School this year, there will be a focus on 'Spiritual Capacities' as part of the schools Spiritual Moral Social Cultural Policy (SMCP). In each session, there will be an opening prayer, a focus on one particular Spiritual Capacity and a chance for the children to spiritually reflect through individual prayer, collective prayer, meditation, and other spiritual means during their respective session. Our vision is to further enrich our children's spiritual connections to the world around them through our Forest School sessions.
